

ADVANCE THE ARCHITECTURE OF UNDERSTANDING

INVEST • PARTNER • GIVE

Building human-centered technology that helps people understand one another better. Every day, people struggle to explain experiences that are difficult to communicate, difficult to document, and too often misunderstood. We're building technology that helps people be understood while strengthening accessibility, accountability, transparency, trust, and human dignity.

OUR ECOSYSTEM

Bully Buddy

Objective documentation, communication, and accountability tools.

Bully Buddy BC3

Digital evidence capture, documentation, pattern analysis, & infrastructure.

Safety Buddy

Community safety, sensory accessibility, and crisis support.

Neuro Buddy

Neurodiversity education and personalized supports.

Equity Buddy

Inclusive communication and equitable access.

Tenant Buddy

Housing communication and accountability.

Elder Buddy

Protection, autonomy, and support for older adults.
